

Autocross Chatham

Sunday, September 16, 2018 – John D. Bradley Centre

Car Enthusiasts,

You are invited to enhance your driving skills in a safe and fun environment. Pylons are strategically set up into a driving course in an enclosed parking lot; each driver runs through it, and is timed. Practice driving smoother and try to beat your own time throughout the day. If you've never been - you have to try this at least once, it is a blast!

Autocross offers a perfect sweet spot between the street and racetrack. Speeds are much lower than the track.

Register: clubregistration.net

Registration is open. \$40 Expected to sell out again, so register soon!

Registration: 9:30am
Mandatory Driver's meeting: 10:00-10:30am
1st car on the track: 10:30am
Rain or Shine (it's even more fun in the rain!)

You do **not** need to own a Porsche to participate. Bring what you like. It is being organized by the Porsche Club of America - Upper Canada Region. pcaucr.org/driving/autocross/

Safe spectating is welcome.

Pete Koepfgen,
